DO you know that Fine Custom Tailoring is being done in Valparaiso?

I do not send it to another city to be made in a sweat shop. I cut, trim and make it complete right here at home. I have in my employ skilled help direct from New York, and I guarantee a good fit and first-class workmanship. I make a specialty of designing styles purely from my own originality. I have been connected with some of the largest tailoring houses in Chicago and Denver for eleven years.

Before going elsewhere come in and see the latest Fall styles. I do French Dry Cleaning for Ladies and Gents. Ladies Garments Remodeled a Specialty.

PREFACE

TN presenting to the Citizens and Business Men of Valparaiso and Porter county the fifth volume of our Directory, we congratulate them on the growth and prosperity of both City and County. That part of the Directory devoted to the City of Valparaiso shows a population of 8,955. These figures do not include the students at the university, adding the average attendance of that institution of 3,000, there are 11,955 people residing in Valparaiso. The following towns and villages and their population are: Hebron 1,130; Chesterton 1,715; Kouts 612; Boone Grove 158; Burdick 79; Crisman 135; Crocker 140; Furnessville 117; Hurlbut 111; Woodville 90; Wheeler 230; Suman 129; Porter 585; Malden 50; McCool 81. Rural routes 6,552, making Porter county population 20,869.

We have used great care and diligence in procuring information and we think the public will find this book as correct and reliable as it is possible to

make a work of this kind.

If nothing prevents we will publish our sixth issue in 1913. We tender our thanks to the business and professional men of the city and county for their liberal patronage; also we heartily appreciate the courtesy and support that has been given the Directory by the newspapers of the county which have been of much assistance to us.

In closing this brief introduction, we warn you

to beware of Directory borrowers and thieves.
